Prairie Road Organic Farm

Garden Tour

Thursday, August 3, 2017

9732 79th St. SE, Fullerton, ND

5:30 to 8:30 p.m.

(David, Ginger, Dan & Theresa Podoll)

**Certified
organic
since 1977!**

Farm tour stops include:

- Organic seed production plots
- Garlic production
- No-work vermicomposting
- No-till deep mulch garden
- Beekeeping: Lessons from the hive
- Pollinator plot tour

Podolls focus on ongoing selection, producing seed varieties that are “enduring” and specifically adapted in organic conditions to the Northern Plains region. An extensive garden mulching system is used and the garden has not been tilled for over 30 years.

Prairie Road Organic Farm produces buckwheat, triticale, grey proso millet and hairy vetch.

Vegetable varieties bred on the farm include:

Uncle David's Dakota Dessert squash,
Sweet Dakota Rose watermelon,
Dakota Tears onion, Dakota Winter onion,
Dakota Sport tomato, Dakota Sisters melon,
Dakota Black Pop popcorn
and Sweet Dakota Bliss beet.
